# Saul escapes David in a cave 1 Samuel 24

Today's story involves Claire and Kesia getting into trouble for doing something wrong. Now have you ever been in trouble? Usually we have done something to deserve being told off - but not always. Sometimes adults get things wrong too. In the bible story today King Saul was not behaving well. This seems to be a theme of the kings in our stories this week! He was looking for David because he knew David would replace him as King and he didn't want that to happen. David was hiding in a cave. Now this must have been a good cave to hide in because even though King Saul came in he didn't see him there. David and his friends must have been holding their breath! Then King Saul decided he needed a wee!!! You don't expect to read things like this in the bible do you? David was so close he could cut off the corner of King Saul's robe. But David knew that he shouldn't have done that and so came out of the cave to say sorry to Saul. King Saul could have captured David there and then but he also realised that he was wrong to be angry with David and he said sorry too. They both forgave each other. It is good for us to say sorry when we have done things wrong. God created our world to be perfect but sadly people do bad things to our world, to each other and towards God. Because God really needed to punish us for doing things wrong and he didn't want to he decided to send Jesus instead. When Jesus died on the cross he took the punishment for all the things we have done wrong. So now we are not in trouble with God. He loves us and wants us all to be friends with him. All we have to do is say sorry and ask God to forgive us and he will. We can be friends with an amazing, loving, forgiving and awesome God. Knowing that helps us to forgive others too.

Can you help Kesia find the items?

David did not kill Saul. Instead, David took a spear and a water jug that were near Saul.
